

MAXIMUM CARGO CAPACITY & STYLE

COBRA

The Raider Cobra mid-rise cap provides 20% more space than a cab-high cap, and has a recessed framed rear door to make loading and unloading easy. If you ever use your truck for large, bulky cargo, pets, plants, or overnight shelter, you'll really appreciate the extra room.

SIERRA

The Raider Sierra is a high-rise fiberglass cap that encloses, secures and protects a truly spacious interior. If the way you work or play means you often have large or bulky cargo, the Sierra is just what you're looking for. Optional items include windoors, window sliders, or larger side sliders with no rear bay window. With so many side window choices, you're sure to find the configuration that works best for your needs.
